Dear Sir,

High Street, Brading - Pavement.

In reply to your letter of yesterday's date, I am informed by my County Highways Surveyor that repairs to the pavement in the High Street were carried out some time ago and that he is not aware that there is any need for further work at present.

If, however, you will indicate more exactly the position of the alleged defective pavement, the matter will receive further consideration.

Yours faithfully,

John Driftn
Clerk.

Clerk to the Brading Town Trust,
Brading, I. W.
