Mr. Bronwin,
Brading.

Dear Sir,

re Hot Water Rads. at Brading Town Hall.

I have been writing to the makers of the Boiler and have this day received the following reply, from which you will see we ourselves are not delaying the work. "In reply to your letter, we would advise you that we regret that it will be early next week before we are able to put this Boiler on rail. The delay we assure you is entirely unavoidable, due to the large number of orders at present on hand but we are doing all in our power to improve the situation."

Yours faithfully,

p/p CHARLES LANGDON.
