ILLUSTRATED GUIDES TO THE BATTLEFIELDS

Dear Sir,

Some time ago we had the pleasure of sending a number of copies of the above series of books to the Libraries in certain of the large cities. As a result of this action, we have been approached by numbers of other Librarians requesting us to supply them with collections of our Guides, and we have thus been induced to consider the desirability of making the distribution free to Public Libraries in general, so far as stocks will permit. It has accordingly been decided to put this gift scheme into operation, and we have therefore pleasure in sending you herewith a set of these little books.

We shall be glad to learn in due course that you have deemed them worthy of a permanent place on your shelves and in your catalogue. The books, we believe, are their own best recommendation, and we have been informed by many Librarians that they have been much in demand by the public.

We are

Yours faithfully,
MICHELIN TYRE CO.. LTD.
