7/9/14.

Sir, It is I believe known to most of the Members of The Trust that along with many others from the town & neighbourhood I have considered it my duty to respond to our King & Country's call to ~~call~~ take up Arms in her defence; & to exact justice -

In the ordinary course of things I should have approached the Members in advance but considering the grave position we today find ourselves in I believe the step which I have taken will be approved & I place myself in the hands of The Trust to do as they think best as to the position of Clerk which they had so recently appointed me to fill. I had looked forward to the first Meeting of The Trust but hope that if it is willed that I return, & you Sir, along
